EDUCATION

Diablo Valley College, Pleasant Hill

2022 - Ongoing

Studying Cognitive Science. Pursuing a Bachelor's degree in Cognitive Science with a specialization in Design and Interaction, as well as a minor in Computer Science.

WORK EXPERIENCE

Web Development Intern — 2024-ongoing

Works with the Web Development team for Contra Costa County Public Works in the IT Division.

- Restructured, re-designed, and re-developed legacy employee website.
- Helped restructure, update, and transition legacy IT front and back end systems to more modern, web-based approaches.
- Created an employee work schedule online form using HTML/CSS/Javascript, Node.js, and Microsoft SQL Server. Integrated the form with AdobeSign, Azure Active Directory, and existing databases.

Digital Artist — 2020-ongoing

Draws digital art as commissioned work.

Website Designer — 2023-ongoing

Creates websites as freelance work.

PERSONAL PROJECTS - more details in portfolio

OCXD

OCxD is a web app equipped with various Exposure and Response Therapy based tools and resources used to aid someone in treating Obsessive Compulsive Disorder, excelling in helping independent treatment for those who do not have the means to seek outside treatment. The tools include programs to help manage a list of compulsions, fears, and a hierarchy of planned exposure exercises, as well as a progress tracker to aid with different exposure exercises.

Animal Crossing Weather Bot

Animal Crossing Weather Bot is a website that can recreate the musical experience of the game Animal Crossing. It can play the official music based on your local weather and time, just as the game does.

Dog Gacha

Dog Gacha is a simulation of the 'summoning' feature of Gacha-style games that allows you to
